**CAUTION**

- To reduce risk of electric shock only use this product indoors.
- This product is heavy. Use caution handling and keep upright. Do not attempt to unpack or move it unassisted.
- Use caution when unpacking and save the packing material for later use. Scratches and other damage caused by mishandling is not covered by the warranty.
- Do not allow anyone to sit, stand, or climb on this product.
- Do not block the ventilation holes used for air circulation.
- Do not overload heavy objects on or inside this product.
- Before moving this product, disconnect the power from the wall outlet.
- While moving this product, make sure the power cord is secured.
- This product should always be used by adults or with adult supervision.
- Never unplug this product from the outlet when hands are wet or by pulling the power cord.
- Do not use an extension cord in conjunction with this product.
- Connection to any other type of receptacle other than a two-pole, three-wire grounded receptacle may result in shock hazard as well as violate local electrical codes.
- In the event of an emergency, disconnect the power cord from the AC power outlet.
- Do not plug the input of this product into its own output.
- Do not attach an additional extension cord, power strip, or surge protector to this product.
- Do not attach non-computer-related items, such as medical equipment, life-support equipment, microwave ovens, or vacuum cleaners to this product.
- Place cables in such a way that they won't be pulled or snagged, and no one can step on or trip over them.
- Do not attempt to disassemble this product. This product contains no user replaceable parts. Only factory service personnel may perform repairs.
- If this product is misused, incorrectly operated or repaired, the warranty will be void.
- Do not remove plugs from outlets in use labeled "Do not remove" with a red sticker. These are required for the charging system and auxiliary outlets of the cart to function.
- **Service Door** - Please open only if requested by Ewent Technical Support.

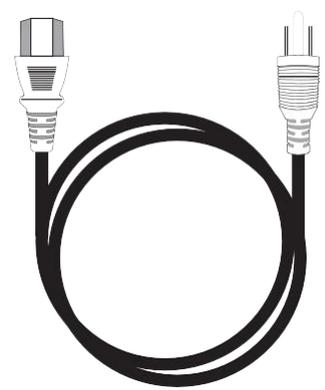

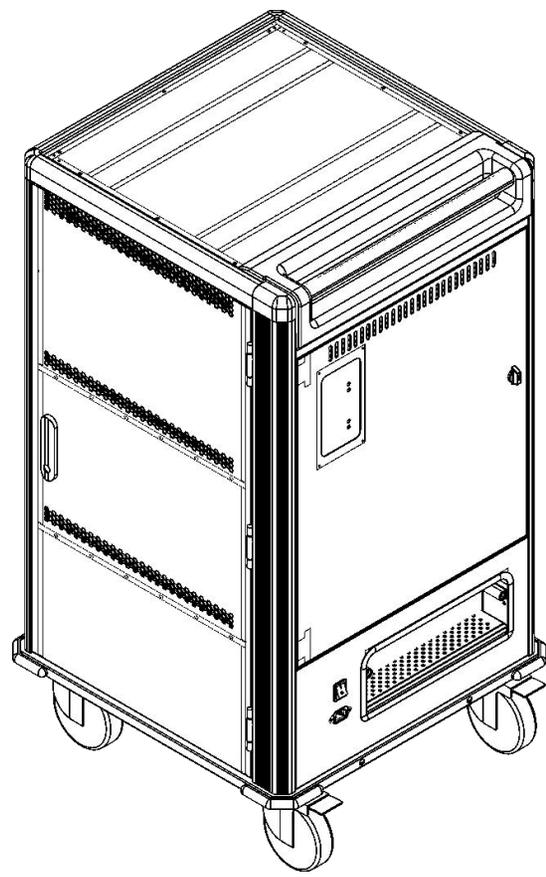

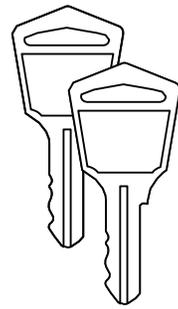

# 2 GETTING STARTED

## Package includes

- AC Power Cord
- Keys

Pad Lock Loop

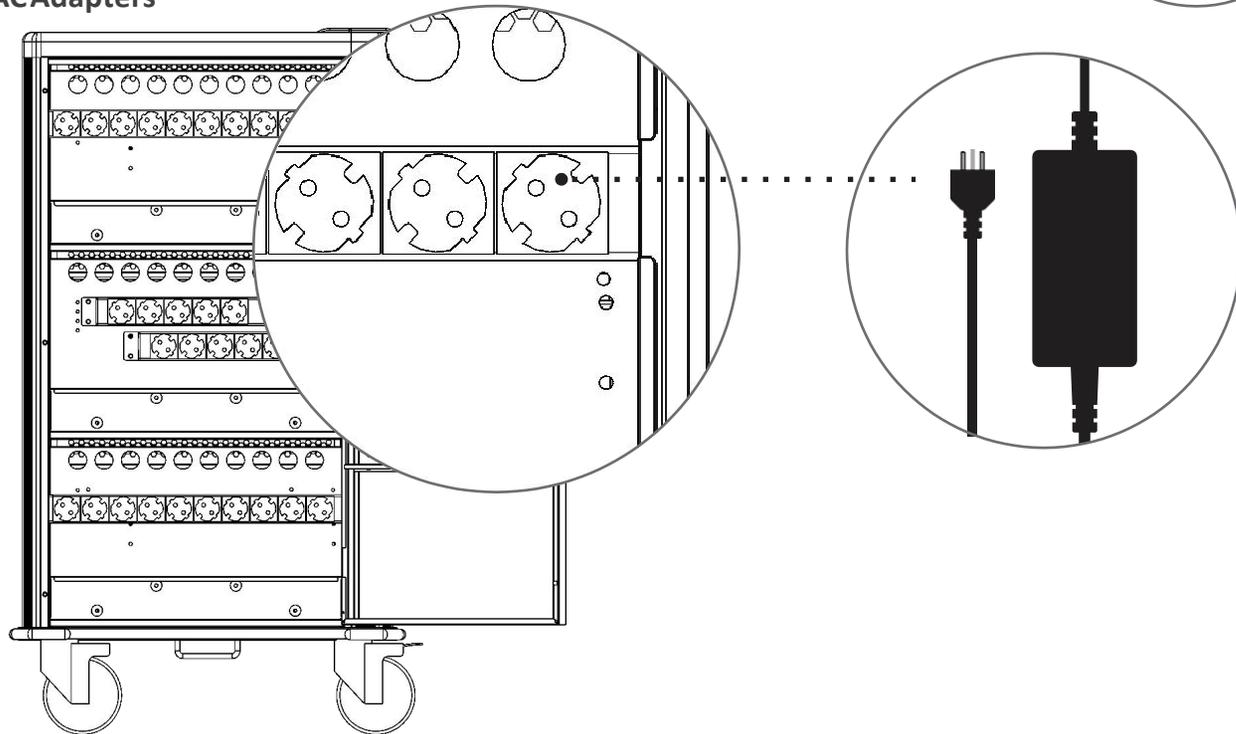

**\*Pad lock not included**

# 3 SETUP

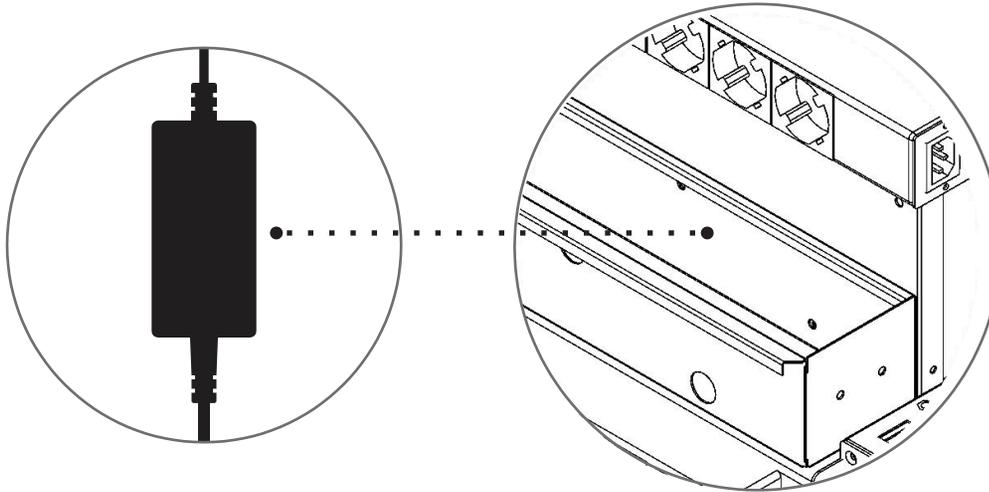

## 1. Plug cart into outlet

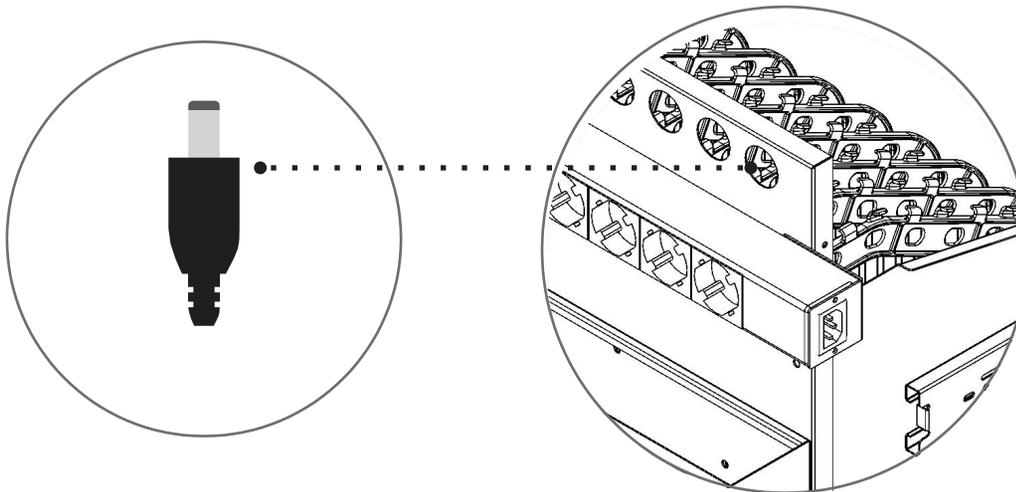

## 2. Plug in ACAdapters

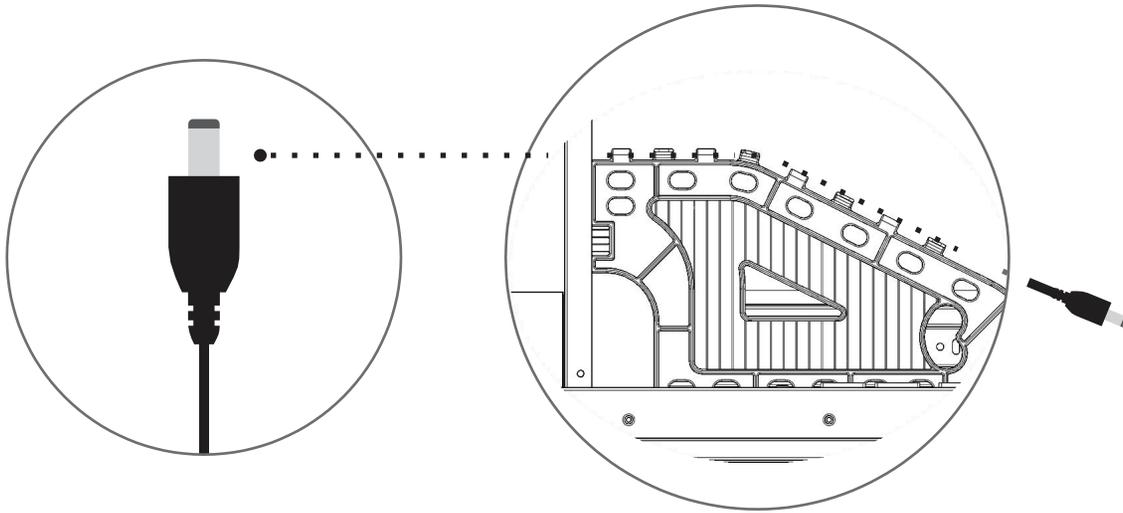

**3. Place adapters into power supplyholders**

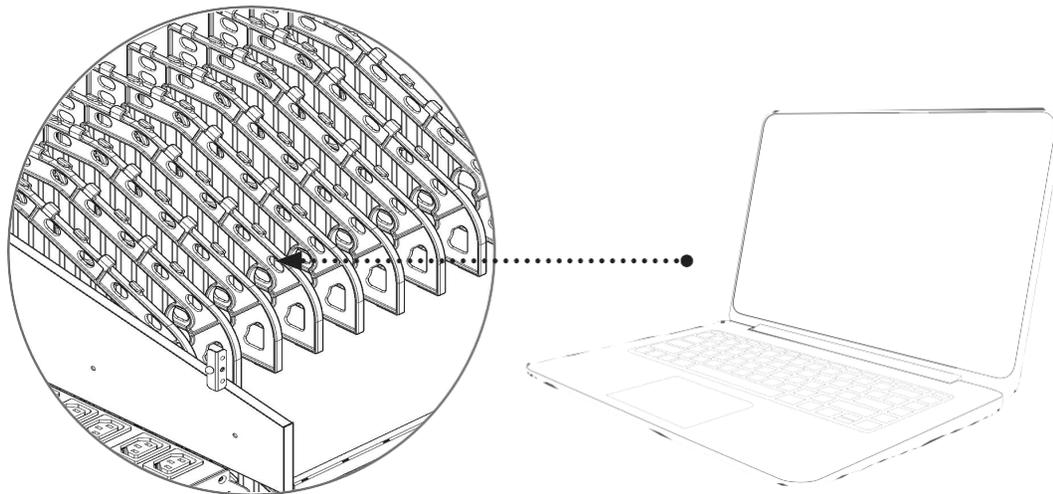

**4. Insert the adapters through the pass through holes**

**5. Place the adapter wires on the cable holder dividers**

**6. Place the devices in the dividers**

## Charging System

### Charging System

Charging all of your devices at one time can overload a typical circuit. EventCharge Carts are equipped with an intelligent timing device that automatically switches the AC power supply from one half of the device outlets to the other to help protect against overload.

The charging system will provide power to the first half of the outlets for 15 minutes. When that time expires, the cart will change power to the other set, and continue to alternate sides. Once the total current is less than 14 amps, it will power all the outlets at once.

The LED indicator on the outside of the cart will show you which set is currently charging.

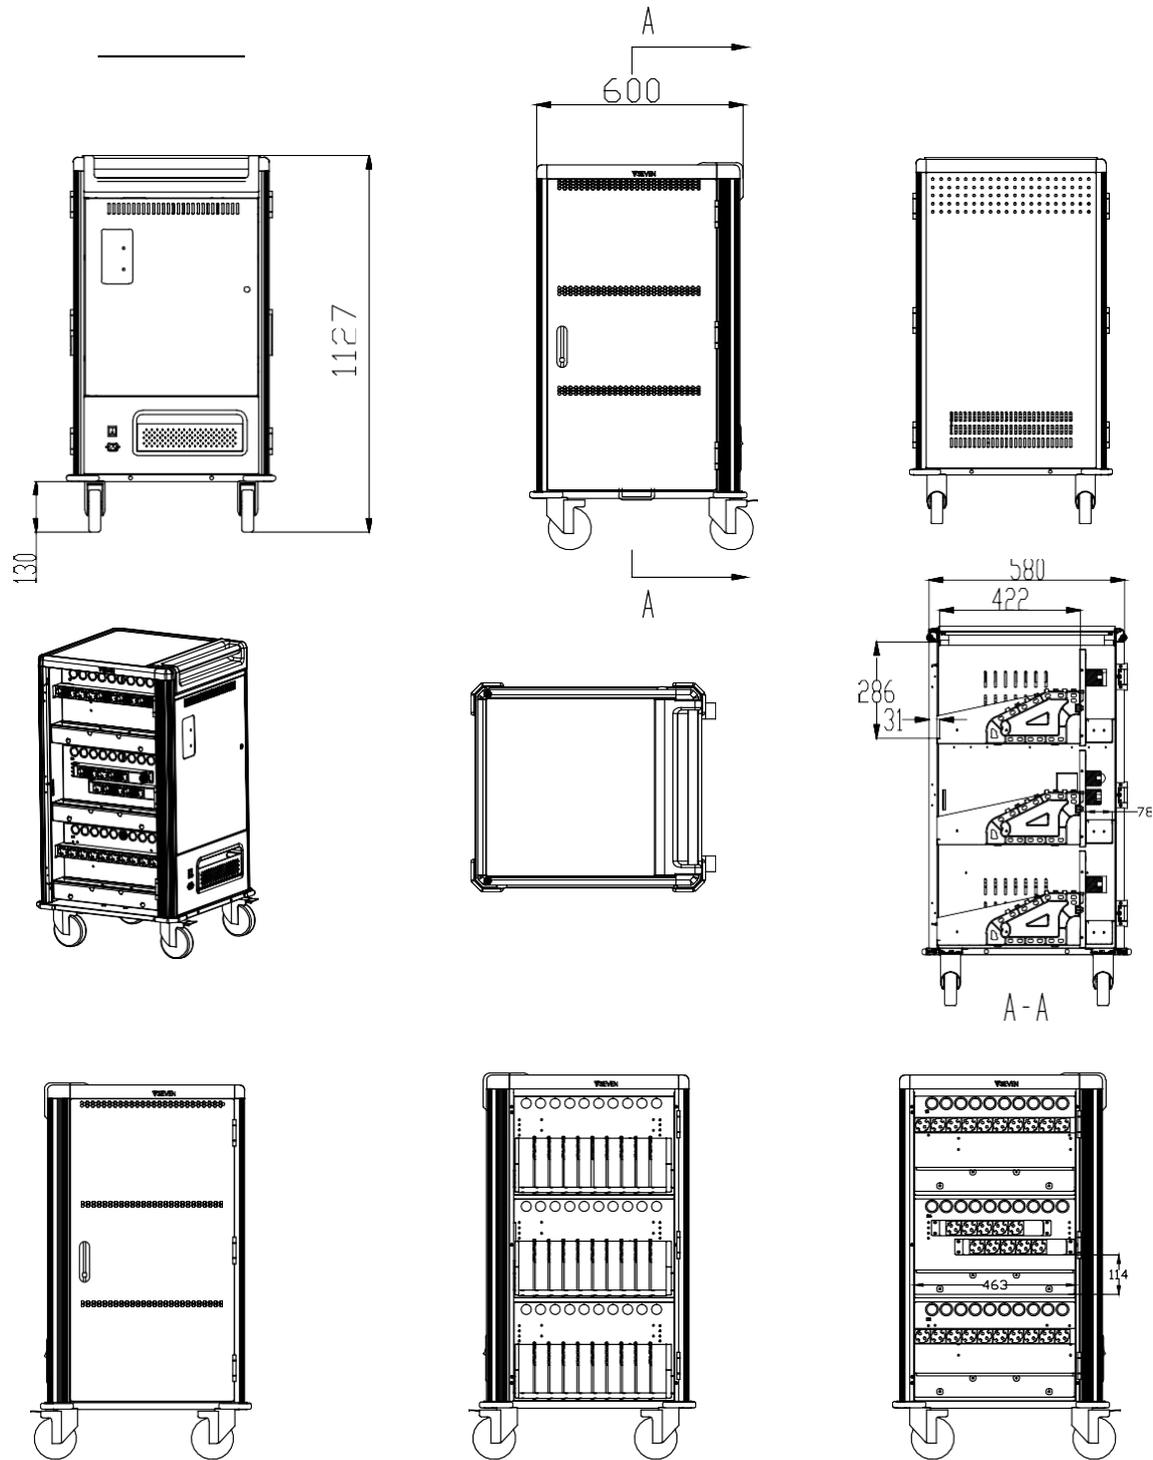

Charging System	Bank Sensor Intelligent
How it Charges	Cycle charging between 2 groups. When total current is less than 14a, full charging starts
LED Indicator	Red (On): Charging Off: Not Charging
Time to Charge 36 Computers	4.5 hours
Cart Switches to Full Charging	After 6 cycles (~3 hours)

The LED indicator will be illuminated when charging

# 4 TECHNICAL SPECS

## Cart Dimensions

## EW1700

<b>Color</b>	Black and Dark Gray
<b>Material</b>	High-grade 18 gauge cold rolled steel
<b>Numbered Device Spaces</b>	30
<b>Organization and convenience</b>	Flexible device dividers with cable channels and numbered device slots, numbered power adapter slots with cable management, recessed push handle
<b>Warranty</b>	5 Year
<b>Package Contents</b>	Charging Cart, 6 ft (1.83 m) Power Cord, Manual
<b>Input Voltage</b>	230VAC, 15A, 60HZ
<b>Output Voltage</b>	230VAC, 15A, 60HZ
<b>Charging System</b>	Intelligent Charging
<b>Rolling Casters size</b>	5 in (12.7 cm)
<b>Product Dimensions</b>	600 x 580 x 1127 mm
<b>Product Weight</b>	75kg
<b>Package Size</b>	650 x 650 x 1280 mm
<b>Package Weight</b>	90 kg
<b>Device slot dimensions</b>	16.61 x 1.38 x 11.25 in (422 x 35 x 286 mm)
<b>Power adapter slot dimensions</b>	3.07x 18.22 x 4.48 in (78 x 463 x 114mm)
<b>Safety &amp; Compliance</b>	CE,ROHS,FCC
<b>Environment*</b>	“Operating: -10°C to 40°C Humidity: 20% to 80% RH Storage: -40°C to +60°C Humidity: 20% to 90% RH”

\*Note: For this charge cart only. Check the environment specifications of the devices you are storing.
